

Construction Contracting Operations Management Level 6

Who is this qualification for?

This qualification is for senior-level technical people in a range of job roles such as Estimators, Quantity Surveyors, Buyers and Planners. They may be considered to be site-based and could have responsibility for:

- ✓ Maintaining health, safety and welfare systems
- ✓ Chairing meetings and taking decisions
- ✓ Planning, allocating and monitoring work
- ✓ Developing and maintaining working relationships and personal development
- ✓ Identifying, assessing and evaluating project requirements
- ✓ Dimensional control, surveys, physical testing and work planning

This covers all sections of the construction cycle including demolition, maintenance and companies specialising in a single operation such as roofing, plastering and shop-fitting.

There are five pathways to this qualification: Buying, Quantity Surveying, Planning, Estimating and General Contracting (this could include those who are Project Managers, Site Agents, Site Managers, Logistics Managers, Lifting Managers, and those who carry out the role of Principal Designer (CDM Regulations)).

What is the structure of this NVQ?

Learners will complete 4 mandatory units, then select a further 4 units from the optional group that best reflects their experience. Learners can therefore tailor this qualification to their specific skillset.

Does this NVQ provide access to MCIQB?

This Level 6 NVQ provides the opportunity for learners to apply for Chartered Membership with The CIOB through the Full Professional Review. Generally, applicants will need at least 3 years' experience at a management level.

How is this qualification assessed?

This qualification is assessed online from distance through our bespoke online assessment portal. Learners are required to respond to the criteria/questions describing how they carry out various duties in their job role and providing the workplace documentation (evidence) that supports their statements.

What are the entry requirements?

Learners do not need to hold any prior qualifications to undertake this NVQ. They must however already be established in their senior management role and be able to prove this to us before enrolment. Visit our website www.caduk.co.uk to download our initial profile tool for this qualification to find out if you are eligible to enrol.

How long does this NVQ take to complete?

We provide support for a period of 12 months, however a realistic completion time for this qualification is 2-3 months (or less given the appropriate level of commitment).

Support is provided on request via phone, email, skype and through the CADUK ePortfolio system.

What are the benefits of this qualification?

- ✓ Access to the Black (Manager) CSCS card.
- ✓ Recognised as comparable to a Bachelors Degree in Constructio Management (OFQUAL).
- ✓ Increased earning potential
- ✓ Access to professional recognition with CIOB, CABE & RICS.
- ✓ Demonstrates commitment to Professional development.
- ✓ Provides Business benefits for potential employers.
- ✓ Demonstrates competence to an industry standard.
